Revenue Department.

Sir,

I have the honor to acknowledge the receipt of your official memorandum No. 1841/59 dated the 6th ultimo forwarding, for report, a petition from Sijjaré Gowda of Seemaplanattuvia Kaipad in the Nenkatti Hobli of the Nagamangala Taluk - On reply, I beg to report that from the Kanara records forthcoming in this office on the subject, it would appear so far back as in 1863 a Compact having been prepared that the Petitioner's ancestor Bore Gowda had encroached on Government waste adjoining his Inam land, the recorded extent of which is 1/2 Kolagas with a Beeja of 20 Seers, the Cattle was measured and

an excess amounting to 2 Kanies,
4 Kolagas and ½ Pailee was
found, of which 2 Kanies, 2 Kolgas
and 7¾ Pailes of land was agreed
at Rs: 2: 4: - and Confirmed to the
said Boné Gawada Heirs, while
the remainder, which had been
left uncultivated, was given
out on assessment to one Viseri
Gawada and Cheema Boné Gawada,
who had Complained of the En-
croachment alluded to. The above
measure was carried out by
order of Captain Clarke, the then
Deputy Superintendent of this Div.
and against this order, Boné
Gawada and Narraina, Sons of
the above mentioned Boné Gawada,
appealed to the Superintendent of
the Malabar Division, to whom
a report was submitted by the
Deputy Superintendent in letter
No 616 dated the 25th April 1864
(Copy enclosed for reference). A
Kanarese endorsement, No. 212
dated the 3 26 May 1864, Records
have also been ifsued to the
Affellants by the Superintendent

informing them of the Correctness of the order of the Deputy Superintendent subsequently the Petitioner appears to have again agitated the matter, questioning the correctness of the order already passed, and to have appealed to the late Chief Commissioner, who having had the records before him, referred the matter to the Asst Superintendent Commissioner for disposal (Vide docket No 24 of the 21st July 1874 to the Commissioner Belgaum division. In a Kannada docket No 553 dated the 1st April 1876, the Belgaum Commissioner addressed the Deputy Commissioner of Dharwar a report in English on the subject, and the latter officer, in his No. 879 of 26th April 1876, requested the former to send the Kannada records in the case, which were recently received with the Belgaum District Judge's Kannada docket No. 2 of the 2nd 2nd June 1881, on appeal from which order was made on receipt of your Memorandum under reply, the enclosures of which are herewith returned.

Extract from Calendar Statement of Serial references disposed of upto 15th April 1886.

The Petitioners have misrepresented

the facts in dispute, rather than stating that the grant of Crantz Land made by His Highness the Nabab Rajah was in the form of an assignment of revenue, and not, as was actually the case, of Land, like to Jaranna. This is an essential feature in the case, as the extent of Land originally granted would appear from an old Pyadaty Account in the Zillah to be only 12 Kolagas, while it has been found on measurement, a fact not disputed by the Petitioners, to amount to 4 Candies and odd, making every allowance for difference between Porter and Parent or between Local and Virtuous in Computing the Seezeree Measurement: this increase of the Land is so great as to allow of the Conclusion that it has been obtained by encroachment. Certain boundary stones are pointed to by the Petitioners, and their Land, though enlarged to the extent above stated, lies within these nominal limits, that, as stated by the Amildar and corroborated by the Native Assistant,

the device of altering these boundary marks at pleasure is or was of too frequent occurrence to be admitted as absolute proof. Indeed in a somewhat similar case which took place in 1858, when a large excess was found in the measurement of an Inamdy land which was sought to be enclosed within the existing line of boundary stones, the Commissioner ruled that the quantity found in excess of the authorised holdings should be brought to account. It was the opinion of the Collector that the excess quantity could not be relinquished to the Inamdar, and that it should be assessed with Rent Rupees in the usual manner, a resumption being ordered for a portion that was encroached. In this opinion I concurred, and orders were passed accordingly.
